Identified as the Magee Ranch Property, the project site is located on the south side of Diablo Road and Blackhawk Road extending approximately two miles east from the intersection of Diablo Road/Green Valley Road/McCauley Road.

An Environmental Impact Report (EIR) has been prepared for this project. The EIR found that the proposed project has the potential to result in significant environmental impacts in the areas of Aesthetics, Air Quality, Biological Resources, Cultural Resources, Geotechnical, Hazards and Hazardous Materials, Hydrology and Water Quality, Noise, Public Services, Traffic and Circulation, and Utilities. These potentially significant impacts would be reduced to less than significant with the implementation of project design features or mitigation measures identified in the EIR. A Statement of Overriding Considerations is recommended for Mitigation Measure 4.12-2 related to the signalization of the Mt. Diablo Scenic/Diablo Road intersection since Contra Costa County has ultimate control and authority over improvements at that intersection.

(General Plan: Public and Open Space – Agricultural, Public and Open Space – General Open Space, Residential – Rural Residential, and Residential – Single Family – Low Density, 1-3 Units per Acre) (Zoning: A-4; Agricultural Preserve District, A-2; General Agricultural District, and P-1; Planned Unit Development District) (APN: 202-050-071, 073, 078, 079, 080, 202-100-017, 019, 038, 040, 215-040-002) (Project Planner: David Crompton).
