

Middle School Teen Center Movie and Video Game Permission Slip

Dear Parents/Guardians of Teen Center Members,

There are gaming systems and DVD players at each of our Teen Center locations. As a part of the Teen Center programming movies and video games are played during free time or on shortened school days. We are requesting permission for your child to watch PG-13 rated movies and play T rated video games. These movies and games were previously reviewed by staff and will not contain material teens would otherwise not see on television. By signing below you allow your child to participate in movie and video game activities.

Thank you,
Teen Center Staff
